## Thank You Note from Grateful Kids

## **Quote from a youth who received a bike ...**

*“Thank you very much for the bike I received. I have gotten great use out of it and use it everyday. Thanks to the bike I have been on time to school, which in turn helped me to get the lost credits I needed to graduate. The bike is a major reason I am graduating. So, thank you for helping me be the first one in my family to graduate from high school.”*
