

A Path to Empowerment

We empower kids to live a healthy, active lifestyle

At Christmas, we provide brand new bikes to underserved youth in Alameda and Contra Costa Counties so that they can get to school and jobs on time, as well as have fun with their friends.

The sign features three photographs: the top one shows several bicycles lined up; the bottom-left one shows people working on bicycles; and the bottom-right one shows a person working on a bicycle in a workshop setting.

A great way for employees to experience team building, make a contribution to the community, and have a lot of fun.

Thank You Note from a Grateful Kid

Quote from a youth who received a bike ...

“Thank you very much for the bike I received. I have gotten great use out of it and use it everyday. Thanks to the bike I have been on time to school, which in turn helped me to get the lost credits I needed to graduate. The bike is a major reason I am graduating. So, thank you for helping me be the first one in my family to graduate from high school.”
